### RE Hubs

The RE Hubs project is dedicated to supporting Religious Education (RE) and Religion and Worldviews (R&W) teachers and practitioners. Our mission is to connect those who can provide resources with those who need them. We aim to create a neutral platform that brings all stakeholders together, filling the knowledge gap and equipping everyone within the RE/R&W ecosystem. Many organisations serve RE/R&W education, from places of worship and school speakers to CPD partnerships and resource providers. However, until now, there hasn't been a single place to equip, enable, and signpost everyone within the community.

Find your relevant hub location – North West. On the calendar you can check out CPD on offer in your region and nationally or find out about Local Groups. Or why not look up School Speakers or Places of Interest in your region. Not seeing some of your favourite places or people, then please signpost them to the [Get Involved](#) page where they can sign up to our [RE Hubs Kitemarked training](#). Do take a look at the [Upskill section](#) to find everything you need from blogs to podcasts, free resources to resource centres, research, funding & grants. You can find out more about your RE Hubs Lead for your region in the [Hubs section](#).
